**Dear colleagues!**

**VIII International scientific conference  
«RUSSIAN CULTURE IN ARCHAEOLOGICAL RESEARCHES»  
will be held in October 2024 in Bratsk  
Irkutsk region, Siberia, Russia**

The event aims to unite the scientific potential of various countries and regions, to create a common information space, and to determine the prospects for the development of the scientific field of Russian archaeology.

*English and Russian will be the working languages of conference.*

The conference miscellany will consist of articles (the text volume should not exceed 20000 symbols+6 pictures), articles will have digital object identifier (DOI) and Science Index

**Thematic areas of the conference:**

***Priority themes:***

- the history of the formation of the scientific direction "archeology of Russians" in Siberia: Alexander Rudolfovich Artemyev.
- reconstructions of costume complexes based on archaeological materials and other types of sources;
- reconstructions of the Russian food system and structure based on data from archeology, paleozoology, archeobotany, the tools and utensils which were used for this purpose, and archival materials;
- reconstruction of strategies of economic activity of the Russian population.
- reconstructions in archaeology of New Age: methods, techniques, problems of authenticity.

***Traditional topics for discussion:***

- methods and techniques of archaeological research of monuments of the

17th-19th centuries;

- from Arkhangelsk to Novoarkhangelsk-history and archeology;
- experience of studying and originality of Russian culture according to archeology;
- results of archaeological, ethnographic, and natural science research;
- archeology and written sources: opportunities for historical reconstruction;
- anthropology and genetics of Russian populations: history and modernity.
